DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 13-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Maehara (US# 6186294).

Maehara discloses all the limitations of the instant claims including; a cylinder assembly 605, a back plate 607, a strut assembly comprising a strut 671, a lined leading shoe 603, a lined trailing shoe 604 and a lever assembly 632, the lever assembly comprising a pivot 631 and a lever 632, the lever comprising a rear end and a fore end, characterized in that the lever is pivotally inclined to the lined leading shoe such that the rear end of the lever is sustained by the strut positioned at the upper end of the brake drum.

Regarding claim 15, Maehara shows shoe return springs, handbrake lever 672 and shoe hold down springs (discussed, not shown) wherein on actuating the wheel cylinder assembly the lever rotates about its pivot and actuates the strut assembly so as that lined trailing shoe receives inputs from both the wheel cylinder and strut assembly.

Response to Arguments

Applicant's arguments filed 12/06/2007 have been fully considered but they are not persuasive. Please note col. 23, lines 5-27 of Maehara which explicitly describes amplification.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
